

Ireland

I was from September to December in Kinsale.

I lived with a wonderful host family, 3 brothers and one sister, one foreign exchange student, one dog, and a cat.

I really enjoyed my TY year at Kinsale Secondary School. I made tones of friends, and we met every day in Kinsale town. My Irish friends are very funny, and I am very sad to leave.

On the weekend I also went to Cork with my friends which is only an hour away by bus. I also spent a lot of time at the bay of Kinsale. In the evenings I spent a lot of time with my host brother, and we played basketball.

I also had a lovely caregiver who is called Rachelle.

At the start I just met myself with exchange student but at the end I manly hung out with Irish people a few people are going to visit me in Berlin.

It was a brilliant time, and I am so sad to leave.
