

Hello, my name is Joel and I'm from Catalonia.

This year I decided that I wanted to go to Ireland doing transition year/4th year. I came with the idea of improving my English but i have left with lots of other things: a new family, friends, I've grown as a person and o really recommend you this experience because apart of learning English you can start doing a new life, a new sport trying new activities learning how the Irish schools are...

My family there has been amazing, and I like them so much at the start I was so worried but when i got there I saw that they are amazing and now i love them so much.

The first days in school are hard but then you get used to it and it's so cool because the school is new, so the teachers are young and friendly the installations are also really good.

The village is little but there is everything you need and it's beautiful.

In conclusion i loved this experience and I would recommend it to anyone who is thinking about doing it.

Joel Cahis.
