

Hello,

My name is Samira and I'm 15 years old.

I'm going to secondary school in the second class. The school is funny and I like to go to school. In the first 2 weeks it was a little bit difficult to understand all what the teachers are saying.

My host family are very nice.

I live in the country and next to us is a huge Cow-Farm.

On the weekend I go often to Cork city, which is very nice.

Here I do soccer and sometimes I go horse riding.

My time in Ireland is really nice.

That was a great experience.

Love regards Samira.
